

History Task to be completed Monday 30th March

- 1) People in the Paleolithic period were Hunter Gatherers. Having a discussion with another person, what do you think this means? Clue: Try splitting the phrase into the two words "Hunter" and "Gatherer".
- 2) Watch video on what a Hunter Gatherer is <https://www.youtube.com/watch?v=zXwirq70iW8>.
- 3) Write down your definition of a Hunter Gatherer in your Home Learning book.
- 4) Research what sort of things the Hunter Gatherers ate. You could lay your work out like this:

Hunter Gatherers

What did they hunt?	What did they gather?

- 5) If it is safe to do so, go for a walk with your family and see if you could spot anything that could be hunted or gathered. Please do not pick, hunt or eat anything!
