

Tom and Harry have completed a football challenge. They had to dribble the ball around 7 cones.

Who was fastest? How do you know?

---

My mum said it would take me two weeks to finish this book.

It took me 12 days.

Was my mum right or wrong? How do you know?

---

Cut and stick these periods of time starting from the shortest and ending with the longest.

3 weeks

36 hours

18 days

20 minutes

7 days

3 days

60 minutes

A fortnight

Half an hour

4 weeks

58 seconds

Time yourself and a family member doing these activities and record the times in the table.

Activity	Me	My friend
10 Star jumps		
Write own name 5 times		
 Roll a 6 on a die		
Wash your hands with soap <b>properly</b> and dry them with a paper towel.		
Find a red cube.		
Put your coat on and zip it up to the top.		

Now answer these questions:

1. Who was fastest at star jumps?
2. Who rolled a 6 quickest?
3. Who was fastest at putting on their coat?
4. Which activity took the longest for you?
5. Which activity took the longest for your friend?
