

Thursday Maths - Capacity

Making potions!

LO: To use everyday language to talk about capacity and explore capacity

SC: I know capacity measures how much something can hold.

I can use full, half full and empty to describe capacity

I can use numbers pictures and words to record different capacities.

1. Choose your container

2. Put in full or half full cups, spoons or drops of different liquids.

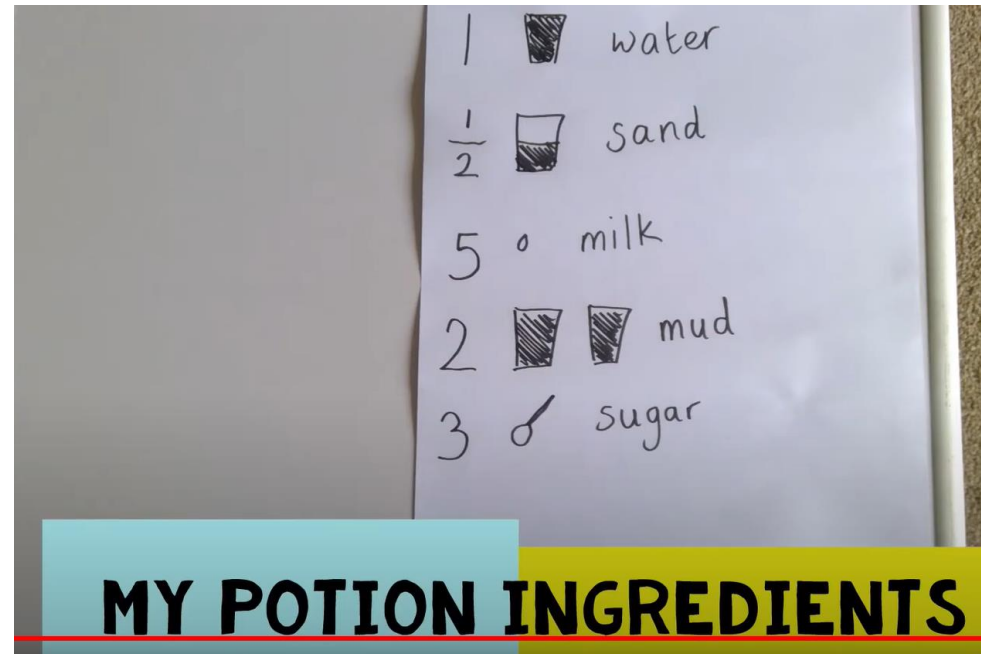

Full cup

Half full cup

3. Record your ingredients.

4. Send this along with a photo of your potion so Mrs Marsh can make yours!
