

**31.10.11**

**Problem Solving: LO - Can I read information on a block graph?**

**Zoo Data**

The animals have escaped! Use the block graph and the map to help the zoo keeper put the correct number of animals back in each enclosure.

The map shows a zoo layout with five enclosures, each with a sign and a blank space for a block graph:

- Monkeys:** A rectangular enclosure with a sign featuring a monkey icon and the word "Monkeys".
- Giraffes:** A rectangular enclosure with a sign featuring a giraffe icon and the word "Giraffes".
- Snakes:** A rectangular enclosure with a sign featuring a snake icon and the word "Snakes".
- Lion Land:** A rectangular enclosure with a sign featuring a lion icon and the words "Lion Land".
- Penguin Pool:** A circular enclosure with a sign featuring a penguin icon and the words "Penguin Pool".

In the center of the map is a house-shaped structure labeled "Entrance".
