Write the names, number of sides and vertices of following shapes.

Draw another

| Shape | Name | Sides | Vertices | type | Sides | Vertices |
|-------|------|-------|----------|------|-------|----------|
|       |      |       |          |      |       |          |
|       |      |       |          |      |       |          |
|       |      |       |          |      |       |          |
|       |      |       |          |      |       |          |
|       |      |       |          |      |       |          |
|       |      |       |          |      |       |          |
|       |      |       |          |      |       |          |
|       |      |       |          |      |       |          |
|       |      |       |          |      |       |          |
|       |      |       |          |      |       |          |

Write the names, number of sides and vertices of following shapes.

Draw

| Shape | Name | Sides | Vertices | another<br>type | Sides | Vertices |
|-------|------|-------|----------|-----------------|-------|----------|
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
|       |      |       |          |                 |       |          |
