Create your own instrument with things you find around your house.

What materials can you recycle to make your musical instrument?

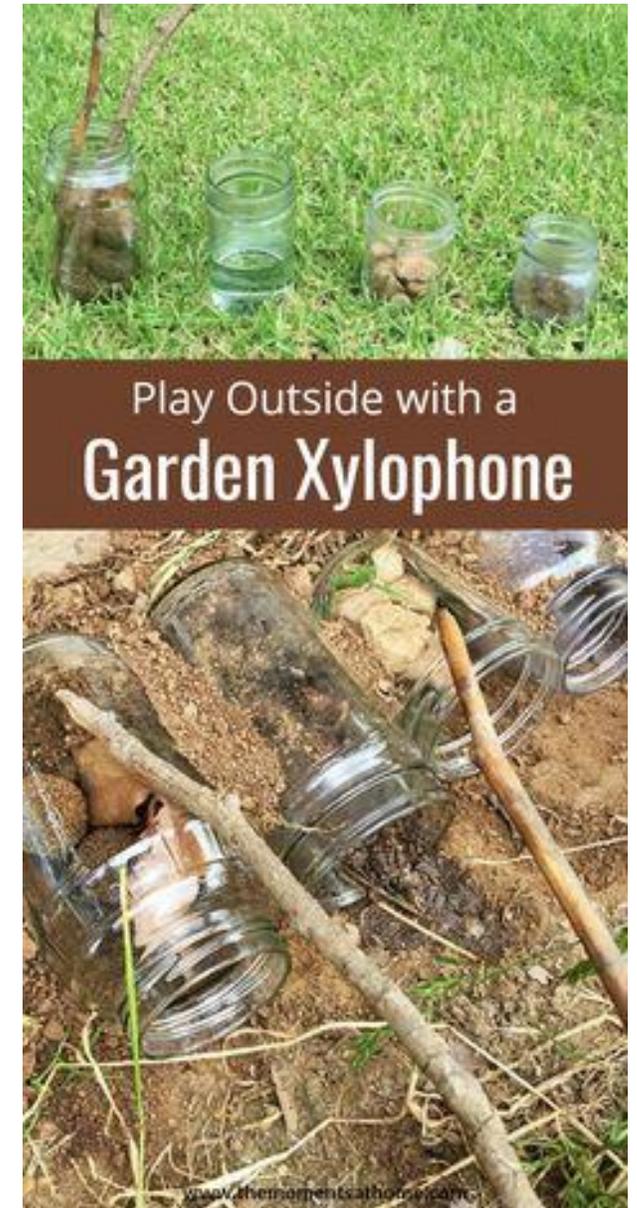

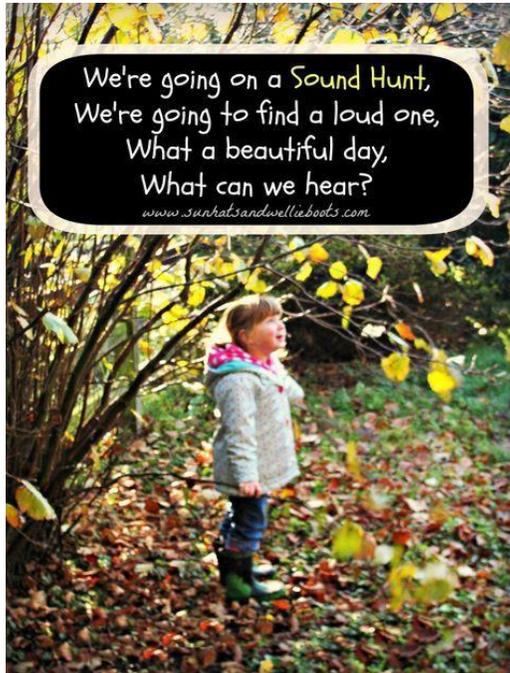

Inspired Play

Explore making music outside or go on a sound hunt outside.

What sounds can you hear?

What can you use to make music?

Make your own Xylophone Using Water

Using your knowledge of capacity , fill 4-6 cups of water.
(one empty, one half full, one full, one nearly empty and one nearly full)

Then use a spoon or a pen to tap the top of the cups.

What do you notice ?

Do they all sound the same?

How does the water effect the sound?

Can you create your own song?

Can you record your song?
